**Ed Walker Endorses Donald Trump for President**

**BILLINGS, Mont.** (Jan. 8, 2023) -- Ed Walker, a local businessman, former state Senator and current candidate in Montana's 2<sup>nd</sup> Congressional District has announced his endorsement of Donald Trump for President.

"I am proud to announce my endorsement of Donald Trump for President," said Ed Walker. "Our Nation cannot afford four more years of extreme, job-killing policies from the Biden Administration. Joe Biden has refused to secure our border and get our national debt under control, he has crippled American energy independence, and he has weaponized the Federal Government against his political rivals. I have been a supporter of President Trump since early 2016 and will do everything I can to ensure Donald Trump wins Montana in November. In Congress, I will stand with President Trump and the America First platform."

Montana's 2<sup>nd</sup> Congressional District is currently represented by Matt Rosendale (R) who is widely expected to enter the US Senate race against Jon Tester. After exiting the Senate, Ed Walker led the drive for term limits as the chairman of US Term Limits for Montana. Walker lives in Billings and has been married to his wife Kathleen for 30 years. They have 5 grown children and 3 grandchildren.
